

CSE211: Web Programming

ASSIGNMENT: #Home Activity 3

Name: Samaa Mohamed Saleh Hussein  
Abdelhamid

ID: 223101629

Program: Computer Engineering (Cybersecurity)

Fall 2025-26

Supervised By: Dr. Samy Ghoniemy

**Goal:** Combine everything learned

**Tasks:**

- Create your own complete web page that includes:
  1. Headings, paragraphs, and lists.
  2. Images and your photo (with caption and link).
  3. Embedded video created by you with subtitles.
  4. Audio playback of yourself.
  5. Use both id and class attributes wherever appropriate.

### Welcome to My HTML Activity
